Be a part of the
Solution

Mission

We are reuniting warriors with their families and their communities. With your help, we **connect** warriors and families to community solutions, **lead** warriors to self-empowerment, and **inspire** members of the community to embrace warrior and family.

Vision

Our vision is to **restore our warriors** with a sense of purpose and to **empower the community** to be responsive to our warriors and their families.

Values

Selfless service

We serve our community because it is the right thing to do. We expect nothing in return.

Loyalty

We share a common bond with the warrior community, and we will remain faithful and true to our team, organization, and the community of Upstate veterans.

Integrity

We hold our organization to very high standards of accountability. Our team members pledge to keep themselves mentally fit at all times and do what is right, even when no one is watching.

Program Areas of Operation

Warrior Outreach and Case Coordination

These services are diverse and designed to improve the overall quality of life for warrior families. We accomplish this through proactive engagement and one-on-one case coordination for a variety of concerns related to the following:

- Healthcare and Benefits coordination
- Education and Employment support
- Housing Support
- Quality of Life (physical fitness, social events) support
- Family Support

UWS Fellowship Academy

A year-long, service-learning academy focused on the personal and professional development of disabled, post-9/11 warriors who are seeking employment or another mission in life. The overarching goals are as follows:

- To improve successful reintegration to the civilian workforce
- To provide participants with the tools needed to excel in professional settings
- To provide a structured and accountable learning environment, focused specifically on areas of opportunity often prevalent during transition.

Community Engagement

- Educate the community to the needs of the warrior and the warrior to the needs of the community.
- Cultivate partnerships that lead to local solutions and create collaborative working relationships.
- Provide mentorship and volunteer opportunities that will inspire community involvement.

We define a warrior as any person who is currently serving or has served in the United States Armed Forces, regardless of military branch, nature of discharge, or current life situation.
