## About Us:

The Greenville County Behavioral Health Coalition was officially convened by United Way of Greenville County in the summer of 2018. The coalition currently includes over 35 partners representing health systems, the Department of Mental Health, public and private treatment providers, nonprofits and faith-based services. These member organizations have come together to address barriers affecting access to behavioral health services.

## Our Mission:

To ensure a collaborative, results-driven, supportive, and innovative continuum of behavioral health services, thereby allowing ALL Greenville County's residents to access necessary services related to the prevention, treatment, and recovery of mental health conditions and substance-related disorders.

## Our Values:

The Greenville County Behavioral Health Coalition adheres to the following organizational values:

- Collaboration
- Emphasis on Effective & Innovative Strategies
- Belief that a diagnosis of a behavioral health condition does not define an individual nor their potential to succeed
- Respect for ALL individuals- emphasizing the need to ensure services for those in our community living in poverty, those who have been historically underserved, and/or face extreme barriers to accessing behavioral health service.
- Commitment to sustain wellness, recovery, resiliency, and accessibility to care across Greenville County

### **Faith, Hope, and Love Christian Ministries**

**This Christian home will be dedicated to men who are struggling with addiction to alcohol and or drugs. The program will provide structure and discipline to ensure a loving Christian atmosphere. Clients must have completed at least a 28 day rehabilitation program to seek residency. The residents must be committed to living a Christian lifestyle, and making recovery their number one priority. This transitional home will promote a balanced approach to tackling this disease of addiction (Christian principles and the twelve step programs of AA, NA and Celebrate Recovery). Our purpose and our goal is to help these men get back on their feet physically, emotionally, and spiritually; to help them return as productive members of society. It is our faith in God that will lead us to victory over this strong-hold of addiction.**

### **Salvation Army- Alcohol & Other Drugs**

The Salvation Army of Greenville's CSRC rehabilitation program is a six month residential program for men that is centered on spiritual growth. The Salvation Army's distinguishing feature in rehabilitation services continues to remain deeply engrained in its strong belief in spiritual rejuvenation. The CSRC program is designed for the mental, physical and spiritual rehabilitation of the person. The majority of men who come to this center for assistance are having problems in many areas of their lives (i.e., social, medical, spiritual, personal and employment). The common factor for most of these persons is that of addiction to drugs and/or alcohol. These services are provided at NO COST. Program participants agree to a six-month residential rehabilitation program designed to deal with their lives and take their rightful place as part of the work force.
